***MissionCritical Communications* Names RCC Consultants  
Top Consultant**

Woodbridge, NJ (November 1, 2011) – RCC Consultants, Inc. was named a Top Consultant by *MissionCritical Communications* magazine.

*MissionCritical* asked its readers to submit their votes for the best consultants in the public safety communications industry. Readers of the magazine wholeheartedly nominated RCC for this distinctive honor. RCC is proud to have been chosen as one of the top consultants, and we thank our clients for their loyalty and support.

**About RCC Consultants, Inc.**

RCC Consultants, Inc. is a global telecommunications consulting and engineering firm. We have assisted public safety agencies with their communications needs since 1983, and specialize in the planning, design and implementation of interoperable radio systems, microwave and fiber optic systems, broadband, enterprise telecommunications systems, communications centers, tower sites and monitoring facilities.

On the operational side, we have created hundreds of interoperable communications plans, governance plans and Standard Operation Procedures (SOPs) for cities, counties, regions and states. On the technical side, we have managed more than 4,000 communications and information systems projects, ranging from reconnecting subway communications at the World Trade Center to designing the requirements for some of the country's largest interoperable radio systems, including Philadelphia and Houston. Visit RCC on the Web at [www.rcc.com](http://www.rcc.com).
